Please let us know if you hear anything. We should circle wagons by phone soon for an update, perhaps early next week if possible. We are aware of no approved, or in development, ILF in AZ that would be appropriate to Rosemont's impacts.

Update: R9 Water Division Director Tomas Torres and Acting Assistant Water Division Director Jason Brush are scheduled to meet with Stu Townsley of the Corps' South Pacific Division (SPD) on Friday to find out what transpired in the meeting that SPD recently had with Hudbay. Apparently, Hudbay representative Patrick Cunningham contacted our RA and characterized Hudbay's meeting with SPD as having resulted in reopening the record at Hudbay's request. The Region wants to hear directly from the Corps' what the Corps' perspective is on the situation.

Kathy/Connell,

CEQ is asking if there is any recent news regarding USACE's decision regarding the 404 permit for Rosemont Mine? Has R9 had any recent contact with the Corps regarding the issue. Need any insight by COB today.

Thanks -- Kelly
